

Alternate Evaluations for Hybrid Learning

Quizzes / Exams →

Hybrid Asynchronous

- Administer online quizzes or exams in Canvas.
- Online exams are automatically graded unless there are open-ended questions included for instructor's review.

Hybrid Simulcast

- Online students can take online quizzes or exams in Canvas.
- Students in-class can log-in to their personal laptops to take an online quizzes or exams simultaneously with online students.

Rubrics →

- Include online rubrics for assignments that measure skills or performance. (Canvas assignments and discussions have the option to add a rubric)

Feedback →

- Provide all students regular and timely feedback on activities and assignments.
 - Use the Canvas gradebook to keep track of assignments and monitor student progress
 - Provide mid-semester feedback.
 - Provide students with informal 1-1 feedback through email. This is most important for struggling students.
 - Online students need regular feedback or check-in to keep them accountable.
-
